Re: NORTH EASTERN ROAD CORRIDOR ASSET MANAGEMENT PROJECT (NERAMP)- CONTRACT FOR TORORO-MBALE-SOROTI-LIRA-KAMDINI ROAD.

Supplementary Information for Annual Monitoring of Result Indicators

As earlier planned, data collection for monitoring of result indicators on the corridor was carried out. However, supplementary information on Road condition, Road Inventory and Travel Time surveys along lot 2 (Soroti-Lira-Kamdini) is required.

This memo therefore, serves to request for funds to facilitate a team from the Network Planning Department to gather this information. This will enable us to conclude the exercise.

Please find here below a budget breakdown of the logistical requirements totaling to Ug.sh **9,000,000** (Nine million shillings only).

ADDITIONAL BUDGET FOR MONITORING OF THE PERFORMANCE INDICATORS (NERAMP) lot 2, (SOROTI-LIRA-KAMDINI ROAD, 190Km) 2023.
