NATIONAL ROAD NETWORK CONDITION ASSESSMENT FY 2021/22 (PAVED ROADS)

As part of the annual monitoring of the Road and Bridge network performance and subsequently planning for interventions, we have scheduled to collect Road condition data on the paved road network. This activity is to be done using in-house staff and shall be supervised by the Network Manager and Network Engineers. This data shall be used to update the road data bank, facilitating the operation of the Road Asset Management Systems and finally out putting maintenance and upgrading plans, as well as providing information on the operational condition and capacity of the road network.

This exercise is planned to start this February and run for approximately 2 months covering condition survey of about 5,528 km of paved roads.

Please find attached an implementation schedule, detailed breakdown of logistical requirements and costs totaling to **UGX 46,820,000 (Forty-Six Million, Eight Hundred Twenty Thousand Ugandan Shillings Only)**. These funds were budgeted under the Road fund work plan.

For purposes of proper coordination and management of all activities, schedules for release of funds in a monthly phased manner is also attached here.

The purpose of this memo therefore, is to request for your approval and subsequent release of the funds to enable the team undertake this exercise.
